

Important Update for our Customers – COVID 19 Response **(updated July 8th, 2020)**

The Belmont Convention Center is closely monitoring the COVID 19 situation and consulting with the local health officials to make decisions about all future event happenings at our facility's.

We understand that our customers may have been affected by the rapidly changing information on travel restrictions and event cancellations. We are committed to providing a safe and healthy workplace for all our workers and customers. As we gradually reopen, we are excited to welcome our guests back to our facility, while meeting your health and well-being standards. We are working diligently to support you during this challenging time.

We will reach out to each event contact 45 days prior your event to discuss how COVID 19 restrictions will effect each individual event.

With limited event happening currently at our facility, The Convention Center Staff is working part-time and remotely. Please reach us via email at :belmontconventioncenter@gmail.com Or info@belmontconvention.com for any questions and concerns and our staff will contact you at the earliest convenience.

Thank you for patience!
